

Telemedicine for Assisted Living Facilities

ONLINE GERIATRIC CONCIERGE MEDICAL CARE

Dr. Matthew Lefferman, D.O.

ACCESS HEALTHCARE ASSOCIATES (AHA) IS A PROVEN LEADER IN MOBILE MEDICAL CARE

- Telemedicine is an effective and fast way for us to treat your residents, while taking all safeguards to mitigate the spread of COVID-19.
- Our team of providers specializes in geriatric care at Assisted Living and Board & Care Facilities, with over a decade of experience.

AHA TREATS BOTH ACUTE AND CHRONIC CONDITIONS

- AHA uses RingCentral which is a HIPAA compliant telemedicine portal.
- We have particular expertise treating patients with: dementia, pain management, depression, and anxiety.
- In-person mobile diagnostics are available.
- **Visits are covered by Medicare**, and we accept most secondary insurance plans, as well as PPO insurance.

I WOULD LIKE TO REFER A PATIENT

- Our admissions team is ready to connect you to our providers today.
- Our team of nurses and medical assistants will coordinate the admission and necessary paperwork.

We are here to serve you and your community
during this challenging time.
